

Compliance Report on “Students Induction Program”

FIRST YEAR B. E. STUDENTS’ INDUCTION PROGRAMME – SEP 2023

The students Induction Program had been conducted successfully in the Malnad College of Engineering, Hassan, during **September 2023**. The entire campus was used to conduct SIP - 2023 events. 11 days of SIP - 2023 were successfully organized by Associate Dean - SA with the support of entire first year faculty and staff members of the institution. All the twelve departments had extended a warm welcome to the first-year students through their inducting sessions and campus tour. Students of different clubs interacted with the new batch of students and promised support and handholding guidance. The schedule and few captured moments of the program are given below. All the events and the relevant topics were selected to help the students to come out of the crisis situations to transform themselves to become engineers. Therefore, all the first-year students have been benefited from these events. Especially, the skill development bridge course conducted for ten days is also one of the highlights of the SIP – 2023.
