MALNAD COLLEGE OF ENGINEERING

About The College

The Malnad College of Engineering (MCE) is an engineering college located in Hassan, Karnataka, India. It was established in 1960 during the second 5 year plan of India, as a joint venture between the Government of India, Government of Karnataka and the Malnad Technical Education Society, Hassan. The institution is affiliated with the Visvesvaraya Technological University in Belagavi. The college is a reputed institution in the country.

The college has received the Best Engineering College award by the Indian Society for Technical Education (ISTE) during the year 2007.

The college is built on a campus of about 44 acres and is a technical education center. At present, the college conducts 9 B.E. programs and 5 M.Tech Programs and the MCA program and has 2750 students on its rolls. All programs have got NBA accreditation under Tier-I. The college is one amongst 19 Engineering colleges in the state qualified for the Technical Education Quality Improvement.

Institute Vision

“To be an Institute of Excellence in Engineering education and research, producing socially responsible professionals”

Institute Mission

- Create conducive environment for learning and research.
- Establish industry and academia collaboration.
- Ensure professional and ethical values in all institutional endeavors

Computer Science And Engineering Department

VISION

➤➤➤ READ MORE

“To become a prominent department of Computer Science & Engineering producing competent professionals with research and innovation skills, inculcating moral values and societal concerns”

READ MORE <<<

- Provide learning ambience to generate innovative and problem solving skills with professionalism.
- To create facilities and expertise in advanced computer technology thereby promote research.
- Enhance Industry Institute Interaction program to get acquainted with corporate culture.
- To induce ethical values and spirit of social commitment.

MISSION

About The Department

The department of Computer Science & Engineering was established in the year 1983 and the department offers Bachelor of Engineering degree in Computer science and Engineering with an intake of 180 students. This degree programs prepare graduates for successful, profitable and lifelong careers in Computer Science & Engineering. Computer Science and Engineering students study hardware and software systems through innovative classroom instructions, supported by laboratories equipped with the state of the art hardware and software. The department ensures that the students are introduced to both fundamental and advanced knowledge in areas such as Machine learning, Networking technology, computer security and software engineering etc

Salient Features Of The Department

- The department has got NBA accreditation under Tier-I.
- The VTU has recognized the department as a research center for carrying out research work leading to M.Sc. Engg. & Ph.D degrees.
- State of the Art Computing Facilities.
- ICT in Teaching and Learning. ☒
- Teacher as Mentor.
- Research & Publications with Social Impact.
- Supportive Learning for Placements.
- Professional Development for Industrial Engagement

The department is regularly organizing several seminars, workshops, Conference, FDPs and Industry institution Interaction programs to help the faculty members and students to update their knowledge about the latest developments.

Program Educational Objectives

- **PEO 1:** Graduates will be efficient software developers in diverse fields and will be successful professionals and/or pursue higher studies.
- **PEO 2:** Graduates will be capable to adapt to new computing technology for professional excellence and Research and will be lifelong learners.
- **PEO 3:** Graduates will work productively exhibiting ethical qualities for the betterment of society.
- **PEO 4:** Graduates will possess leadership qualities, work harmoniously in a team with effective communication skills.

"In today's dynamic tech landscape, cloud computing talks serve as a pivotal platform for industry experts to delve into innovations, discussing the transformative power of scalable infrastructure and collaborative solutions."

CLOUD COMPUTING TALKS

On 27th and 28th November 2023

Event Title: "Cloud Computing Talks."

Date: 27th and 28th November 2023

Beneficiaries: CSE students

Convener: Dr. Geetha Kiran A

Professor & Head, Dept. of CSE CEO,
ME-RIISE FOUNDATION College
Co-ordinator, NAIN.

Coordinators: Mr. Tejonidhi MR

Assistant Professor, Dept. of CSE
Malnad College of Engineering

EXPERT TALK ON "An Introduction & Overview of SAP"

On 3rd February 2024

EXPERT TALK ON "An Introduction & Overview of SAP"

EXPERT TALK ON "An Introduction & Overview of SAP" on 3rd FEBRUARY 2024 3.30-6.30 P.M. (VIRTUAL) By Mr. Avinash D M Alumnus of 2013-14

ABOUT THE RESOURCE PERSON

About Avinash D M

- Completed B.E in CSE with a CGPA of 9.0
- 10+ years of work experience in various Domains
- Selected by PEOL Technologies through campus hiring
- Started his career with PEOL Technologies
- Worked for PEOL solutions Pvt Ltd., 2014-2017
- Worked for EMC2, 2017-2019
- Currently serving as a developer at SAP Labs India Pvt Ltd since 2019
- Demonstrates extensive expertise in software development and testing
- Exhibits deep familiarity with corporate environments
- Proficient in coding and testing

About Resource Person

An accomplished AI Engineer with over 8 years of experience in the industry and a solid academic background of 10 years. My expertise lies in developing and training models for Classification, Regression, and Clustering applications. I hold certifications in AI Engineering from IBM and SimpliLearn, solidifying my proficiency in the field.

With a Ph.D. in Electrical and Electronics Engineering and an MBA from Liverpool Business School, I possess a strong academic background. However, it's my practical industry experience that truly sets me apart. I've held key roles in renowned organizations, delivering impactful projects that showcase my skills. Notably, I was an Associate Professor & Data Scientist at Dayananda Sagar University Innovation Campus. There, I led the development of cutting-edge computer vision algorithms for Advanced Driver Assistance Systems, gaining valuable insights into the practical application of AI in the automotive industry.
