Vision of the Civil Engineering Department

The Department of civil Engineering will be a centre of excellence in industry-oriented teaching, training, research, professional ethics, social responsibility, and continuing education for practicing engineers through sponsored research and consultancy services.

Sl. No.	New Initiative	Program/ event of conduction	Target Group/ beneficiary
1.	To Improvise the curriculum to include contents pertaining to situational experience of	Introducing Internships programs Organizing field / Industrial visits	StudentsFacultyStudents
	variety of sites: To make students Industry ready by collaborating with construction companies and	Entering into MOU with companies of repute in the field of construction	Students
	conducting training for students	Conducting personality development programs for students	students
2.	To Introduce modern methods of testing, engineering analysis and design,	Modernization of laboratories to suit latest field requirements	Students

3.	To enhance research orientation in students	Introducing 'Earthquake Resistant Design of structures' at both UG and PG level and well utilization of the Earthquake Engineering Laboratory . Submitting of proposals to conduct research (AICTE, UGC, DST etc.,)	Students Faculty Students
		Guiding students to appear for GATE and Engineering Services exams	Students
4.	To inculcate professional ethics and improve the quality of teaching-learning,	ConductingFacultyDevelopmentprogramsTraining of non teaching members in the following areas: > Instrumentation for structural testing > Testing of Water Quality Analysis > Handling and operating of Survey Equipment like total stations > Computer Usage	Faculty Supporting Staff Faculty Students
5.	To improve consultancy services	Interacting with Industry and Industry sponsored research projects	Department
