Codonacci focuses on providing career development opportunities through internships, workshops, industrial talks, and promoting startups and entrepreneurship. This collaboration aims to offer significant professional growth opportunities to our students, aligning with the department's objectives of fostering innovation and industry readiness.

The proposed areas of collaboration include:

- Facilitating industry-relevant internships.
- Organizing workshops on career development, technology, and entrepreneurship.
- Arranging industrial talks by experts to enhance student knowledge.
- Supporting and mentoring students interested in startups and entrepreneurial ventures.

We believe this partnership will provide valuable industry exposure to our students, complementing their academic learning with hands-on experience.

We also need a Rs.100 stamp paper for the process with the following details:

Kindly grant us permission to move forward with this collaboration. And also to purchase the stamp paper.

Thank you.
