Subject: Permission to Conduct **Inter College AI Workflow Hackathon (Automathon 1.0)**
on **05/12/2025**.

Respected Sir,

The Department of Computer Science and Engineering (Artificial Intelligence and Machine Learning) is planning to conduct an 8-hour Inter college AI Workflow Hackathon for all branch engineering students on 05/12/2025 from 9am to 5pm. The event aims to provide students with practical exposure to end-to-end AI workflow development aligned with current industry standards. As a prerequisite the student's coordinators will train the participants on AI workflow on 04/12/2025 through online mode.

In this regard, I kindly request your permission to conduct the hackathon in the department.

The estimated cost to conduct the event is Rs. 18,000/-.

Sl. No.	Particulars	Estimated Amount in Rs./-
1.	Banners (2.No.) & Foam board certificate 2*3 (1 No.) ID cards (80.No.)	2,500
2.	Lunch (MCE boys Hostel mess) (150.No)	9,000
3.	Judges gift (3.No.)	3,000
4.	High Tea	2,000
5.	Miscellaneous	1,500
Estimated expenditure		18,000

Kindly oblige and do the needful.

Thanking you,

Subject: Request for Arrangement of Additional Lunch for Coordinator Team and Additional Participating Teams

Respected Sir,

With reference to the preparations for the Hackathon organized by the Department of Computer Science & Engineering (AI & ML) on 5th December 2025, I would like to bring to your notice that the number of participating teams has increased significantly compared to the initial registration.

In addition to the participants availing lunch from the hostel mess, we kindly request approval to arrange **150 + 40 additional, Total 190 lunch** to accommodate the faculty coordinators, student volunteers, and support staff involved in conducting the event.

We sincerely appreciate your continuous support in making this Hackathon a successful and well-coordinated event.

Thanking you.

Yours sincerely,

Arjun B C

WHAT IS N8N?

n8n is an open-source automation tool that lets you connect apps and create workflows visually—no coding needed. It supports hundreds of integrations, allows custom logic with JavaScript, and can be fully self-hosted for complete data control. Build smart automations with triggers, conditions, loops, and more, all in an easy drag-and-drop interface.

WHY AUTOMATION ?

Automation is a hands-on n8n workshop + hackathon where you learn automation and instantly apply it. Build real workflows, solve practical problems, collaborate with peers, and compete to create the best automation solution. A perfect event to gain an in-demand skill and showcase innovation—fast.
